BOAT SKIP

500L | 1000L

Our Boat Skip includes a specific self-dumping system, used for general muck and waste removal. These high quality skips perform efficiently and safely as they are lifted and empty automatically without the need of any assistance. This feature eliminates the risk of danger to the personnel or operative alike. Robust manufacture to suit the condition and environment in which the skips work.

Boat Skip Features:

- Low Loading Height.
- No manual intervention needed.
- Bail Arm Rest when not in use.
- Integral Locking Bale Arm once lifted.
- Reinforced Body Sides and Rear
- Reinforced leading edge.

Approximate lead time: 2-3 days. If for any reason this product is currently out of stock one of our team will give you a call to discuss expected delivery dates.
